## ACADEMIC PUBLICATIONS

Blank, M.A. Measuring lexical access during sentence processing. **Perception and Psychophysics**, 1980, Vol 28(1), 1-8.

Blank, M.A. & Foss, D.J. Semantic facilitation and lexical access during sentence processing. **Memory and Cognition**, 1978, Vol 6(6), 644-652.

Blank, M.A., Pisoni, D.B. & McClaskey, C.L. Effects of target monitoring on understanding fluent speech. **Perception and Psychophysics**, 1981, Vol 29(4), 383-388.

Cairns, H.S. & Blank, M.A. Word recognition latency and the duration of clausal processing. **Working Papers in Speech and Hearing Science: C.U.N.Y.**, 1976, Vol 2, 1-18.

Foss, D.J. & Blank, M.A. Identifying the speech codes. **Cognitive Psychology**, 1980, Vol 12(1), 1-31.

Foss, D.J., Cirilo, R.K. & Blank, M.A. Semantic Facilitation and lexical access during sentence processing: An investigation of individual differences. **Memory and Cognition**. 1979, Vol 7(5), 346-353.

Foss, D.J., Harwood, D.A. & Blank, M.A. Deciphering decoding decisions: data and devices. In R. A. Cole (Ed.), **Perception and Production of Fluent Speech**, New Jersey: Lawrence Erlbaum Associates. 1980, 165-200.

Holley-Wilcox, P. & Blank, M.A. Evidence for multiple access in the processing of isolated words. **Journal of Experimental Psychology: Human Perception and Performance**, 1980, Vol 6(1), 75-84

## DISSERTATION RESEARCH

Blank, M.A. Dual-mode processing of phonemes in fluent speech. **Unpublished doctoral dissertation, University of Texas at Austin**, 1979.

Blank, M.A. Decoding Fluent speech. Manuscript **submitted for publication in Cognitive Psychology**, 1981.
